

# Modular Saturation Diving Systems

## Case Study

Divex Modular Saturation Diving Systems are designed to be rapidly deployable and flexible to allow rapid configuration on a variety of vessels.

The modules are designed so that they can be quickly assembled and achieve accurate alignment, in order to minimise expensive mobilisation time in port.

### Who

Shanghai Salvage Co Ltd

### Summary

Designed and manufactured a fully transportable Lloyds Class 300m rated 12-man saturation diving system.
